

## **OCSN: Optical Communication Systems and Networks**

### **Symposium Co-Chairs**

Zhengyuan Xu, University of Science and Technology of China, China

Kejie Lu, University of Puerto Rico at Mayaguez, USA

Contact: xuzy@ustc.edu.cn, kejie.lu@upr.edu

### **Scope and Topics of Interest**

This symposium aims to bring together the researchers interested in state-of-the-art technologies on optical communication systems and optical networks, from components to systems, networks and applications. The topics of interest include but not limited to:

- Advanced modulation and coding techniques for optical communications
- High-capacity optical transmission systems
- Ultraviolet and visible light communication systems
- Optical wireless communication systems
- Underwater optical communications
- Software-defined optical networks
- Next-generation optical networks architectures for core and access networks
- Energy efficiency, reliability and security in optical communication networks
- Fiber-Wireless communication systems
- Optical networking for 5G cellular, future Internet, and data center networks

### **Submission Guidelines**

Prospective authors are invited to submit original technical papers by the deadline of 1 June 2015 for publication in the IEEE/CIC ICC 2015 Conference Proceedings and for presentation at the conference. Submissions will be accepted through EDAS. All submissions must be written in English and be at most six (6) printed pages in length, including figures. For full details, please visit the following website:
