IEEE/CIC International Conference on Communications in China
IEEE/CIC ICCC
2-4 November 2015, Shenzhen, China

Conference Website: http://www.ieee-iccc.org/

IEEE/CIC International Conference on Communications in China (ICCC 2015) will be held in Shenzhen, China, 2-4 November, 2015. This conference will feature world-class plenary speakers, major technical symposia, industry and academic panels, tutorials and workshops. The technical program chairs invite the submission of original papers to following symposia for presentation and publication in the conference proceedings. Accepted and presented papers will be submitted to IEEE Xplore. Best paper awards will be selected from accepted papers.

Symposium of Privacy and Security in Communications of IEEE/CIC ICCC 2014

With the proliferation of many innovative data communications services such as social networks, cloud computing, location-based service, and Internet of Things, security and privacy issues become more and more demanding and challenging. This symposium aims to bring together academics and industry professionals working on the security and privacy aspects of data communications and computer networks, and provide a forum to present and discuss emerging ideas, progresses and trends in this highly challenging research field. Topics of interest include, but are not limited to:

- Privacy and security in mobile and wireless communications
- Privacy and security in grid and cloud computing
- Privacy and security in pervasive and ubiquitous computing
- Privacy and security in location-based service
- Privacy and security in social networks
- Privacy and security in Internet of Things
- Big Data security and privacy
- Anonymity, anonymous communication, metrics and their performance analysis
- Computer and network forensics
- Cryptography and evaluation
- Intrusion detection and protection systems
- Data center security
- Mobile App security and privacy
- Network public opinion analysis and monitoring
- Network security metrics and their performance evaluation
- Quantum cryptography and communication applications
- Resource allocation, incentives, and game-theoretic approaches
- Privacy and security in virtual machine environments
- Privacy and security in wired systems and optical networks
- Privacy and security of Cyber-physical systems

- Virtual private networks and group security
- Cognitive Security and privacy
- Security and access control of critical infrastructure

Submission Guidelines

The submitted papers should be original, not published or currently under review for publications in any other journal or conference. All submissions must be formatted in standard IEEE camera-ready format and must be written in English and be at most six (6) printed pages in length, including figures. Papers should be submitted through EDAS System. For full details, please visit the following website: http://www.ieee-iccc.org/submguide.html

Important dates:
Paper Submission Deadline: June 1st, 2015
Acceptance Notification: Sep. 1st, 2015.
Camera-Ready: Sep. 15th, 2015.

Symposium Co-Chairs

Haojin Zhu, Shanghai Jiao Tong University, China
Rongxing Lu, Nanyang Technological University, Singapore
Sushmita Ruj, Indian Statistical Institute, India
